## CWDS SM Procedure 106 – Updating Epics Status in the Schedule Update Report

Audience: CWDS Service Managers and Scrum Masters

Frequency: Every Status Week

Created: 9/7/2016 Last Updated: 9/7/2016

After reading this procedure you will be able to use the Schedule Update Sheets and Pivotal Tracker to update the status of the Epics in the Project Master Schedule and to add Epics to the Project Master Schedule.

#### **Prerequisites:**

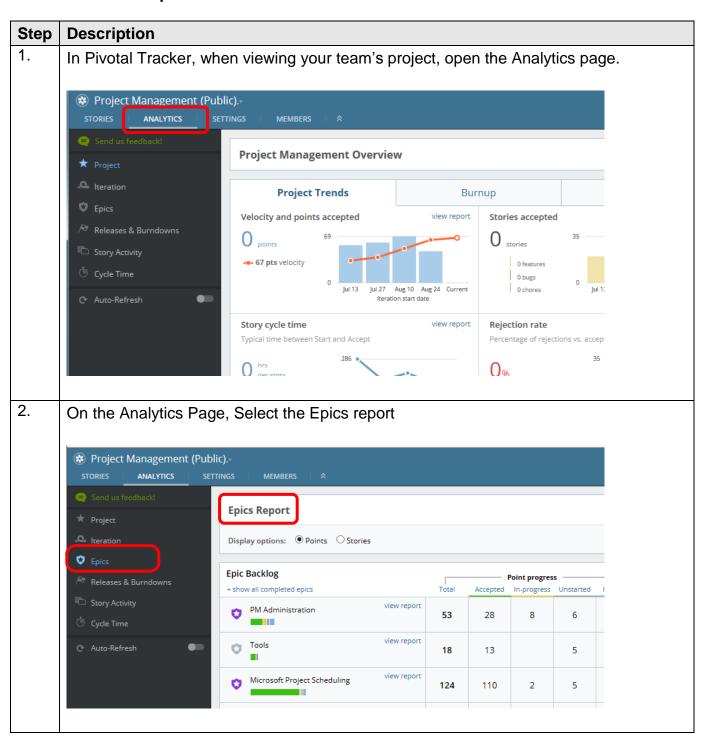

- Schedule Update Report for your team.
- Pivotal Tracker
- CWDS Procedure 101 Producing the Schedule Update Report
- Presentation CWDS PMO Tracking Epics in the Project Master Schedule

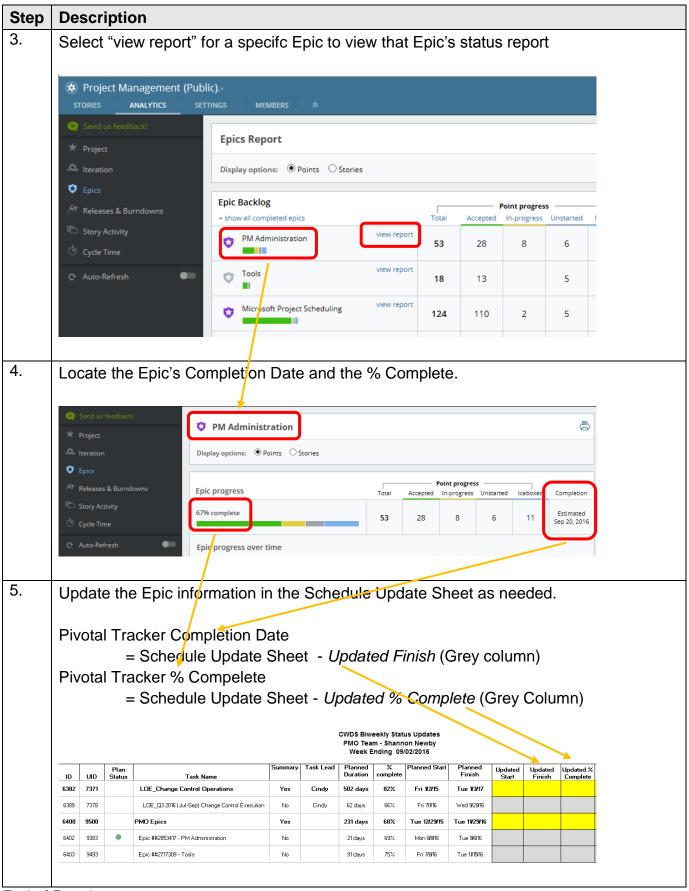

### Part 1. Accessing the Schedule Update Sheet:

Step	Description										
1.	See <u>CWDS SM Procedure 101 – Producting the Schedule Update Report,</u> Part 2 for instructions on locating and editing the Schedule Update Sheets.										
2.	Locate the Epics that require review on your team's Schedule Update Sheet.										
	Example :										
					CWDS Biweekly Status Updates PMO Team - Shannon Newby Week Ending 09/02/2016						
	UID	Plan Status	Task Name	Summary	Task Lead	Planned Duration	% complete	Planned Start	Planned Finish		
	7371		LOE_Change Control Operations	Yes	Cindy	502 days	82%	Fri 1/2/15	Tue 1/3/17		
	7378		LOE_Q3 2016 (Jul-Sep) Change Control Execution	No	Cindy	62 days	66%	Fri 7/1/16	Wed 9/28/16		
	9500	PMO Epics		Yes		231 days	68%	Tue 12/29/15	Tue 11/29/16		
	9383	•	Epic ##2853417 - PM Administration	No		21 days	69%	Mon 8/8/16	Tue 9/6/16		
	9493		Epic ##2717309 - Tools	No		91 days	75%	Fri 7/8/16	Tue 11/15/16		
	9494	0	Epic ##2372789 - Microsoft Project Scheduling	No		119 days	95%	Mon 3/7/16	Tue 8/23/16		
	9495		Epic ##2372785 - Agile Digital Service	No		104 days	67%	Mon 5/9/16	Tue 10/4/16		
	9496		Epic ##2350017 - PM Plan	No		178 days	63%	Mon 2/22/16	Tue 11/1/16		
	9497		Epic ##2250464 - PM Training	No		209 days	43%	Mon 2/1/16	Tue 11/29/16		
	0400		Epic ##2250452 - PM Processes and Procedures	No		188 days	66%	Tue 1/5/16	Fri 9/30/16		
	9498										
	9498		Epic ##2250450 - PM Governance	No		214 days	86%	Tue 12/29/15	Tue 17716		

#### End of Part 1

## Part 2: Locate the Epic Status Information in Pivotal Tracker

End of Part 2

Part 3: Adding Epics to the Master Schedule.

#### Step Description 1. Epics that are not on the Master Schedule are added through the Schedule Update Sheets. The information needed to add an Epic to the Master Schedule is: Task Name: Format "Epic" + Epic ID + "-" + Epic Name Epic Start Date: See instructions below Epic Finish Date: See instructions in Part 2 above Epic % Complete: See instructions in Part 2 above For Epic *PM Administration*, the Task Name is: Epic ##2853417 - PM Administration CWDS Biweekly Status Updates PMO Team - Shannon Newby Week Ending 09/02/2016 Planned Star Updated % Complete complete ID LIID Task Name 6382 7371 Tue 1/3/17 6389 7378 LOE, Q3 2016 (Jul-Sep) Change Control Execution No 62 days 66% Fri 7/1/16 Wed 9/28/16 231 days 6402 9383 Epic ##2853417 - PM Administration No 21 days 69% Mon 8/8/16 Tue 9/6/16 6403 91 days 6404 9494 Epic ##2372789 - Microsoft Project Scheduling No 119 days 95% Mon 3/7/16 Tue 8/23/16 Epic ##2250456 - PM Reporting Tue 11/1/16 6410 9382 208 days Thu 1/7/16 Epic ##2853417 - PM Administration 2. Epics with active stories - the Start date for Epics is the start date of the iteration/Sprint where the first completed story (of the stories assigned to the Epic) was accepted. For Epic Epic ##2250456 - PM Reporting, Story REPORT 8 - Define a common method for conducting sprint retrospectives was accepted on 1/25/16, which was during PMO Sprint 1, which started on 1/13/2016. So the start date for Epic Epic ##2250456 - PM Reporting is 1/13/2016 See presentation *Tracking Epics in the Master Schedule* for a overview of locating the Epic Start Date.

# 106 - Updating Epics Status in the Schedule Update Report

Step	Description							
3.	Epics with no active stories - the values for the fields required for the Master Schedule will be:							
	Start Date:	Start Date of the Release the Epic is intended to be completed within						
	Completion Date:	The Completion Date of the Release the Epic is intended to be completed within						
	% Complete:	0%						

End of Part 3

**End of Procedure**
