

Sprint 19.4N Review: 2/21 – 3/6

Sprint Goals/Demo

- Replace 500 error with "user unauthorized" page.
- Create new page for compare overtime table.
- POC: how to redact on a printable PDF.
- POC to identify common approach to save assessment on page events.

Team Improvements

Actions	Outcome
Added users for legacy system	Allowed other teams to test in staging environment.
Updated automated regression tests	Improves quality while building new functionality.
Work more with team Chlorine and DesignOps to refine designs before accepting into development	Less rework
